# Business Analyst

I manage many SQL queries across multiple databases and am responsible for making sense of it all. I need to understand the business and technology to convert business needs into IT requirements so that we can deliver efficient and competitive business solutions. I'm also known as: Analytics Manager, BI Solutions Manager, Research Analyst, or Data Analyst.

Tailored for you, the Business Analyst subscription includes 15 courses totaling over 80 hours of on-demand content that will help you build your skills to unlock the power of data. Select this subscription if you want to learn about Teradata SQL, Teradata Studio, time series analytics, and other topics and tools that are critical to excelling in your role. Courses are listed in the recommended order.
